Please note that for Officials* who want to officiate at any European Aquatics Championships 2026 it is mandatory to follow the Clinic.

Officials* who do not participate in this clinic may not be eligible to be appointed to one of the EA Artistic Swimming events in 2026.

- There will be a referee test at the end of the clinic. This test is for officials who want to be on the EA referee list. It is mandatory to take the test at least every four years.

All officials that want to officiate at European Competitions in 2026 will, among others, need to have followed a European Aquatics education training. The 2025 Clinic in Tbilisi will count as such. Other options are not known at this point in time.
If someone cannot attend the clinic in person and would still want to have the option to officiate at European Aquatics competitions in 2026, they need to contact the EA office and EA Academy, fill out an activity report for 2025 and send to EA office and EA Academy by 1 December 2025. European Aquatics will determine at a later date what and how additional (training) requirements can be fulfilled.

* The officials would include judges and TCs.
